Credits

What is a credit?

1 semester class = 0.5 credit with a passing grade

Credit Requirements for Graduation

24.0 credits total in specific content areas

6 classes per day x 0.5 credit per class = 3.0 credits per semester

3.0 credits per semester x 2 semesters per year = 6.0 credits per year

6.0 credits per year x 4 years of high school = 24.0 credits!

No room for any failed classes!

3 Components to Graduation: Earn twenty-four (24) credits in Core and elective course. Each semester class passed earns 0.5 credit. Meet standard on required state tests. Complete a High School and Beyond Plan which includes a Personalized Pathway.

REMINDERS

- Course selection sheets are used to gauge student interest in classes. **No classes are guaranteed.**
- The more information we have of your interests...
the better your schedule will be!
- Talk to your core teachers about appropriate course placement.
- Schedule changes will be minimal, take time, and won't happen until after the first day of school!

Your ability to graduate on-time is of the utmost importance to us. While we will take your selections into account, counselors will place you in the classes required for your on-time graduation.

Graduation Requirements (48 semester classes = 24 credits)	
English	8 semesters
Social Studies	6 semesters
Mathematics	6 semesters
Science	6 semesters
Health	1 semester
PE	3 semesters
Arts (2 semesters if pathway)	4 semesters
Career & Technical Education	2 semesters
Electives (including two years of World Language or other career pathway)	12 semesters

Minimum 4-Year College Requirements (for most Washington State universities)	
English	8 semesters
Social Studies	6 semesters
Math	6 semesters (incl. Algebra 3-4)
Science	6 semesters (incl. Chemistry)
World Language	minimum of 4 semesters (same language)

College/University requirements can vary, so be sure to check with your prospective college or university for specific entry requirements. Colleges prefer that students take a quantitative math course during their senior year unless they have successfully completed at least Pre-Calculus.
